

Doctor of Physical Therapy (DPT) Resources from McGraw Hill that Align with Standards and Required Elements for Accreditation of Physical Therapist Education Programs from the Commission on Accreditation in Physical Therapy Education 2024

*Doctor of Physical Therapy CAPTE Curriculum Requirements 2024	McGraw Hill Resource	Digital Site where Resource is Located
<p>7A. Anatomy, physiology, pathology, cellular and tissue health for the included body systems: cardiovascular, endocrine and metabolic, gastrointestinal, genital and reproductive, hematologic, hepatic and biliary, immune, integumentary, lymphatic, musculoskeletal, neurological, pulmonary, renal and urologic systems; body system interactions; differential diagnosis, health and surgical conditions seen in PT, genetics, exercise science, biomechanics, kinesiology, neuroscience, motor control and motor learning, diagnostic imaging, nutrition, pharmacology, pain and pain experiences, psychosocial aspects of health disability</p>		
Anatomy	The Big Picture: Gross Anatomy, 2e	AccessPhysiotherapy
	Clinical Anatomy: A Case Study Approach	AccessPhysiotherapy

	<p>Multimedia: Anatomy and Physiology Revealed</p> <p>An interactive cadaver dissection experience. This unique multimedia study aid is designed to help you explore human anatomy using cadaver specimens and master physiology concepts through animation.</p>	AccessPhysiotherapy
Physiology	Medical Physiology: The Big Picture	AccessMedicine
	<p>Multimedia: Anatomy and Physiology Revealed</p> <p>An interactive cadaver dissection experience. This unique multimedia study aid is designed to help you explore human anatomy using cadaver specimens and master physiology concepts through animation.</p>	AccessPhysiotherapy
Pathology	Pathology: The Big Picture	AccessPhysiotherapy
<p>Cellular & tissue health throughout the life span</p> <p>(cardiovascular, endocrine & metabolic, GI, genital & reproductive, hematologic, hepatic & biliary, immune, integumentary, lymphatic,</p>	Cardiovascular and Pulmonary Physical Therapy: An Evidence-Based Approach, 3e	AccessPhysiotherapy

musculoskeletal, neurological, pulmonary, renal & urologic systems)		
	The Big Picture Physiology: Medical Course & Step 1 Review, 2e	AccessPhysiology
	Pathophysiology of Disease: An Introduction to Clinical Medicine, 8e	AccessPhysiology
