

RADREVIEW

Our questions set us apart.

RadReview™ is the most trusted ARRT® prep tool—for good reason.

1,800+ Q&A cover every topic area on the test blueprint!

There is no easier, faster, or more efficient way for students to prepare for the ARRT than McGraw-Hill Education's RadReview®. Users will find more than 1,800 questions that cover every topic on the test blueprint—along with detailed explanations and outstanding functionality.

RadReview® takes test review to an entirely new level. With trusted content, customizable features, and unmatched authority, RadReview® is the first place to turn for the highest score possible on the ARRT.

RADREVIEW

Why RadReview?

Here's how the RadReview test-prep experience can maximize your score:

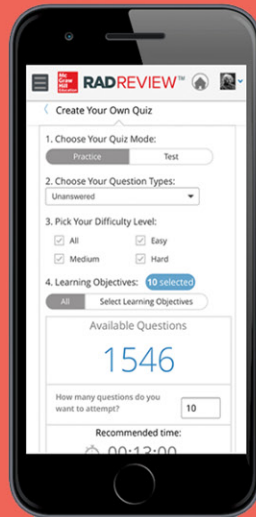

PERSONALIZED LEARNING

- Customizable practice exams, based on test mode, topic, question type, difficulty, or length for maximum flexibility
- Proven adaptive technology that quickly identifies your strengths and weaknesses
- Individualized study plan to help you stay on schedule and monitor your progress

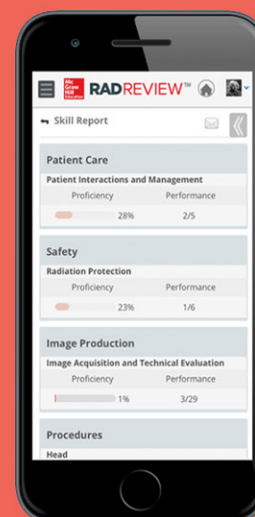

REALISTIC EXPERIENCE

- Test-taking features are similar to those on the actual exam
- Content covers every registry topic and is mapped to the ARRT blueprint

EXPERT CONTENT

- 1,800+ registry-style questions, written and reviewed by radiologic technology experts
- Detailed explanations, reinforcing the correct and incorrect answer choices
- Remediation, derived from D.A. Saia's Radiography PREP (RadReview course option)

PERFORMANCE FEEDBACK

- In-depth performance reports pinpoint areas you need to focus on
- Skills report analyzes your proficiency in every topic area of the registry
